- ✦ In charge of writing copy and creating/submitting advertisements to local magazines, agencies and more.
- ✦ Served as Dean for a January Term for students from colleges around the US.
- ✦ Compiled/created material including photos and copy for course catalogs.

PROFILE

As a UI/UX Designer, I seek to marry a love of tech and design with a dedication towards serving the greater good. For the past six years I served as an educator and wish to bring this rich experience to my design work.

In my free time I enjoy rock climbing, good books, good coffee, bad horror movies, and a healthy Star Wars obsession.
